THE NEWS.

Owing to an unusual pressure of local news, space is limited for the foreign budget. One of the most interesting items given is that of Blaine's specific withdrawal from the presidential field. It has been announced in the British House of Commons that the United States had agreed that France, Italy and Sweden should act as arbitrators in the Behring sea dispute. Springer's free wool bill has been reported in Congress. The Imperial Government has assured the Canadian Government that it will subsidize a submarine cable from Vancouver to Japan by way of the Aleutian Islands. Efforts are being made to raise the capital in England. This scheme is the original British cable scheme for the Pacific, recommended by Mr. F. N. Gisborne, Dominion Superintendent of Telegraphs, about fifteen years ago. Hawaii is not in it, a fact that will be less deplored, however, from the evidence given in to-day's news that the United States is apparently dead in earnest now to have a cable from the Pacific Coast to Honolulu.

HATFIELD-HARPER.

Two Souls with but a single Thought, Two Hearts that Beat as One.

At the chapel of Iolani College, 7 o'clock yesterday evening, Bishop Willis, assisted by Rev. W. H. Barnes, joined in the holy bonds Mr. Alfred Hatfield and Miss Isabella Harper, daughter of Mrs. Captain Clark. The best man was Mr. Ed. Stiles of the Foreign Office, the bridesmaid Miss Louise Harper, sister of the bride. The stepfather, Captain Thomas Clark, master of the steamer Kinai, gave the bride away.

After the ceremony a reception was held at Capt. Clark's house on Punchbowl street. The couple standing in a miniature bower of green and flowers received a large company of friends, after which an abundant luncheon of the most savory dishes, cooked in the native style, with foreign delicacies including ice cream, was served in the dining room. Many young friends of both the bride and groom were present, besides heads of families having relations of blood or intimate friendship with the host and hostess. A very sociable time was spent. Messrs. W. Auld, E. Stiles, H. Smith and H. F. Poor were assiduous in assisting in the entertainment of the company.

The bridegroom is a bright young man, employed as a clerk in the house of Theo. H. Davies & Co., and stands well in amateur athletic circles. His bride is the eldest daughter of the late E. Harper. She was educated at St. Andrew's Priory, where she was a favorite with the late Edress Phoebe of saintly memory. At the close of the festivities the handsome couple departed for their new home in Christley Place, Fort street, attended by the joyous good wishes of their assembled friends.

FROM HOTEL DELLONE.

Mr. C. W. Reed, proprietor of the Hotel Dellone, Omaha, one of the finest new and modern hotels in the west, says of Chamberlain's Cough Remedy: "We have used it in our family for years with the most satisfactory result, especially for our children, for colds and croup. It can be depended upon; besides it is pleasant to take and seems to be free from chloroform and the oily substances put into many cough mixtures." 50 cent and \$1 bottles for sale by all dealers. MORE SMALLPOX.

Three more cases of smallpox have developed among the Chinese passengers of the S. S. Rio Janeiro at San Francisco, and the quarantine has been prolonged till the 22d inst. Consequently the P. M. S. S. China which would be due at this port with the Janero's passengers on Friday, may not come up to time. The Chronicle of the 16th says the China would sail for Hongkong next day via Honolulu. Latest—the China is here.

BLAINE RETIRES.

Washington, February 7.—The following letter explains itself:

"Washington, February 6, 1892.

—Hon. J. C. Clarkson, Chairman of the Republican National Committee.

—My Dear Sir: I am not a candidate for the Presidency, and my name will not go before the Republican national convention for the nomination.

I make this announcement in due season. To those who have tendered me their support I owe sincere thanks, and am most grateful for their confidence. They will, I am sure, make an earnest effort in the approaching contest, which is rendered especially important by reason of the industrial and financial policies of the Government being at stake. The popular decision on these issues is of great moment, and will be of far-reaching consequence.

Very sincerely yours,

JAMES G. BLAINE."

EUROPE.

Count De Lesseps is dangerously ill.

The London Globe cautions English manufacturers against neglecting to exhibit at the World's Fair through resentment at the McKinley Act. It holds that such retaliation would be more likely to hurt themselves than anyone else.

In the Commons Lord George Hamilton, First Lord of the Admiralty, responding to a question, denied that the British Government was involved in any constitutional question by the conveyance by Her Majesty's ship Espiegle from Corneil, Chile, to Montevideo of 338 bars of silver, valued at £145,000, for the then President, Balmaceda. The question of the legal title of the then existing Chilean Government was universally recognized and the shipment of bullion regular. He added, however, that a change in the naval regulations under which the captain of the Espiegle acted was under consideration.

Mr. Jackson, Chief-Secretary for Ireland, stated that the whole sum of £10,000,000 assigned for the purchase of land in Ireland under the Ashbourne act had been absorbed. The pending applications for advances amounted to £361,584 above the sum provided by the act.

It is believed the session of the French Deputies will be a stormy one. The Government will bring in a measure directed against the Catholics.

ANOTHER THROUGH LINE.

St. Louis, Feb. 1.—A Republic's special Mason City (Iowa) despatch says: Hamilton Browne, one of the leading stockholders of the Mason City and Fort Dodge Railway, says he has no doubt the road will either be leased or sold to the Winona and Southwestern, but as yet neither has been done. This practically confirms a recent statement that the section is to be traversed by a great transcontinental line, controlled by the Lackawanna system. The Sioux City and Dwyer are to be connected by the Pueblo and Duluth, and the gap between Denver and Provo City will be filled in the right of way. This will make a complete line from New York to San Francisco. The Mason City and Fort Dodge will take it to Sioux City, the Pueblo and Duluth to Denver, the Denver, Lakewood and Golden to Ogden, and the San Francisco Short Line to the Coast.

ENTERTAINMENT ON SHIPBOARD.

Jolly Celebration of Washington's Birthday on Uncle Sam's Ship.

The old warship Pensacola was invaded by crowds of people yesterday, among whom were a good many prominent people. His Excellency J. L. Stevens, United States Minister and Mrs. Stevens, H. W. Severance, Consul-General, Commander H. Blair and officers of H. B. M. S. Phœnix, were among the number of visitors. The Royal Hawaiian band under Prof. H. Berger, stationed in the middle of the ship, played during the afternoon, sending forth national airs as the sailors dressed in the costumes of different nations marched around the ship.

Captain and Mrs. Kautz, of the Pensacola, as host and hostess, entertained the guests in a royal way. The program opened at 2:30 o'clock and continued till 4:30 o'clock, when dancing by the jolly tars commenced and was kept up till after dusk. The different costumes were unique, interesting and comical, those last mentioned drawing forth rounds of laughter. George Washington and his wife were nicely got up, while old Uncle Sam would have envied his imitation.

The following was the program:

ATHLETIC SPORTS.

Shovel race between the Pensacola's whaleboats.

Swimming match.

Obstacle race and sack race.

Burlesque prize boxing match.

Grand reception by Geo. Washington and wife, with the Goddess of Liberty, Uncle Sam, and the present Cabinet of the United States.

Grand march of the Diplomatic Corps and Mulligan Guards.

Music, Star Spangled Banner.

Presentation of bookpups and addresses by Ambassadorial Delegations, from Hawaii, England, France, Portugal, Italy, Chile, Spain, Germany, Ireland, China, Denmark, Scotland, Russia, Japan and Turkey.

The Elephant.

Burlesque drill by the Mulligan Guards.

Grand march by the entire company.

THE HONOLULU ARION.

Social at Their Hall in Celebration of Two Birthdays.

The Honolulu Arion's social and dance at the Arion Hall yesterday evening was largely attended and highly enjoyable. The hall was gaily decorated with flowers and evergreens and inscriptions suitable to the occasion were hung all over the room. At the entrance were the words in German, "A Glorious Jubilee, E. H. F. Wolters, by the Honolulu Arion, 1892." The entertainment was for two objects—the commemoration of George Washington's birthday and the celebration of Mr. E. H. F. Wolters' fiftieth birthday.

The dancing commenced at 8 o'clock to music furnished by the Quintet Club Junior. An intermission at 8:30 o'clock was pleasantly passed by vocal selections by the Arions, accompanied on the piano by Prof. Oscar Herrold. They were greeted with well merited applause. After a few more dances, sailors from the U. S. S. Pensacola, dressed in the characters of Uncle Sam, George and Martha Washington, entered the hall amid deafening applause. They led off with the "cotillion" and dancing was renewed with a vim and kept up until a late hour.

During the evening a glorious repast was served on the grand and almost the entire company enjoyed the bounteous layout. Mr. E. H. F. Wolters was responsible for the edibles, they being furnished at his own expense, in celebration of his jubilee birthday. Light beverages flowed freely.

THE HAWAIIAN CABLE.

Another Line of Soundings for a Route to Be Made.

Washington, February 10.—It has been decided by the Navy Department to make another line of soundings before definitely deciding upon the route for the proposed submarine cable between San Francisco and the Hawaiian Islands. This conclusion was reached after an examination of the full report just received here of the survey of the two lines recently completed by the Fish Commission steamer Albatross. Many irregularities, ranging from normal to submarine mountains two and one-half miles in height, were found in these lines. Orders were telegraphed yesterday to Lieutenant-Commander Tanner of the Albatross, at San Francisco, to get his vessel ready at once for making a new survey. The new line will be run on a great circle, starting at or near Point Conception, Cal., to the island of Hawaii. Experts of the Hydrographic Office who have kept a careful record of all the soundings made expect a more level line on the great circle which it is now proposed to run. The work already done, they say, indicates the possibility of a line comparatively uniform and at an average depth of about three miles.

NAVAL NOTES.

Captain Remy, of the U. S. S. Charleston, has been relieved by Captain H. B. Pickens, and Captain Schley of the U. S. S. Baltimore by Captain W. Whitehead. Captains Pickens and Whitehead are both natives of the State of Pennsylvania and graduates of the naval academy.

The U. S. S. San Francisco, Admiral Brown's flagship, will shortly arrive here from San Diego. She will relieve the U. S. S. Pensacola. Many, no doubt, will be glad to see Admiral Brown again.

The French man-of-war Dubourdieu may be expected here about June from the South Seas.

ACROSS THE SEA.

I know not if you love me still,
Despite the seas that separate,
Since that last forgotten day
When we both cried 'against cruel Fate,

To part so soon—who met so late.

On deck at night when Lulu's beams
Fall clear athwart the bounding sea,
I think, my love, of those short hours
We would together hand-in-hand be.

Are you, my love, still true to me?

Ah! sometimes do you think of me,
At even when the setting sun
Throws crimson colors in the west,
Proclaiming Phœbus' reign is done?

Are you still true, dear absent one?

My voyage brings me from you far,
I know not, dear, if you regret,
But this I know—to you I swear,
I do not change, I love you yet,
I would not if I could forget.

The Ring Was

In His Boot!

An interesting incident occurred at a wedding in Nyack, N. Y., recently, says the Albany Argus. All went merrily until the bridegroom was called upon to produce the wedding ring. In vain he felt in his trousers' pocket for the indispensable article. Nothing could be found except a hole, through which the ring had evidently fallen into his boot. What was he to do?

"Take your boot off," said the parson. The suspense and silence were painful. The organist, at the dominie's bidding, began a "voluntary."

The young man removed his boot, the ring was found, also a hole in his stocking, and the minister remarked, evidently with more than the ceremony in mind, "Young man, it is time you were married."
